Report of the NOC Azerbaijan Fair Play Commission for 2020-2021

The Fair Play Commission of the National Olympic Committee of Azerbaijan, established in 1997, has successfully operated since its inception. The organization has a successful partnership with the European Fair Play Movement and the International Fair Play Committee. We want to bring to your attention the activity of the Commission in 2020 and 2021. Since 2019-2020 is remembered as the year of pandemic worldwide, AzFPC took part in several events online. In May 2020, representatives of Azerbaijan participated in the "Fair Play Art Contest" dedicated to the struggle against coronavirus and organized by the International Fair Play Committee. Azerbaijan was represented in this competition with three paintings. In March 2021, the presentation ceremony of the annual awards of AzFPC related to the 2020 results took place. The event was attended by Minister of Youth and Sports Azad Rahimov, Vice President of the National Olympic Committee (NOC) Khazar Isayev, heads of sports federations and athletes. At the event, AzFPC awards were granted in 5 nominations based on the results of 2020. Mikayil Jabbarov was awarded in the nomination of "Physical training and sports figure committed to the principles of fair play", CBC Sport's Olympic Day program - "The best promoter of the principles of fair play", Aygul Abdullayeva - "A referee committed to the principles of fair play", Namig Abdullayev - "A coach committed to the principles of fair play", Rustam Orujov - "An athlete committed to the principles of fair play".

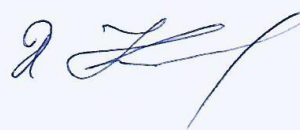

From April 15 to June 15, 2021, AzFPC and the newspaper "Olympic World" held a drawing competition on "Sports and Fair Play". Azerbaijani citizens, schoolchildren, and athletes in 3-8, 9-16 age groups joined the contest. 2114

paintings for two age groups were submitted to the competition. The winners were awarded cash prizes and the winners of 3rd-10th places were granted various prizes. In addition, children with disabilities participating in the game were given incentive prizes. The owners of all drawings on the subject were awarded a Certificate by the NOC Fair Play Commission. It is gratifying that the Azerbaijani representative Madina Jabiyeva, who took second place in the 3-8 age group in this competition, claimed second place in the drawing contest on "What does sport mean to you" held by CIFP.

On September 2, AzFPC and the leadership of the Azerbaijani Representation of the World Federation of Athletes Against Drugs held a joint meeting on the fight against drugs. The meeting was attended by NOC Vice President, AzFPC Chairman Khazar Isayev, Editor-in-Chief of the Olympic World newspaper Murad Farzaliyev, Editor-in-Chief of Sportsmen magazine Rashad Gamarshahoglu, Head of the Azerbaijan Representation of the World Federation of Athletes Against Drugs Javid Allahverdiyev. Notably, the main purpose of the Azerbaijan Representation of the World Federation of Athletes Against Drugs is to promote a fair, healthy lifestyle of athletes away from bad habits and to show teenagers and young people that a drug-free life is long and beautiful. It was noted that one of the main directions is to closely study the international practice in this field, to regularly notify the population, including athletes, about the harm of drug addiction to society and human health. Thus, in the future, the organization plans to hold joint events with AzFPC to promote a healthy lifestyle and fight against drugs.
