

An abstract graphic on the left side of the slide depicts a bobsleigh track. It consists of several parallel diagonal lines in dark grey and red, with thin white lines separating them, creating a sense of depth and movement.

Para-Bobsleigh and Para-Skeleton

New equal opportunities for athletes

Alvils Brants
Athlete, Latvia

20th European Fair Play
Congress,
October 9-11, 2014
Riga

Creation of the sport from the basics

- *Turning the sliding sport from elitary to widely affordable;*
- *Equipment owned by International Federation;*
- *Equipment sharing by draw;*
- *Standartized and lower cost equipment, suitable for both abled and disabled athletes;*
- *Universal design;*
- *Everything is about driving skills.*

Equal opportunities for athletes

- *Equal opportunities for young and older athletes;*
- *Equal opportunities for men and women;*
- *Standardized equipment for sliding;*
- *Professional coaches loyal to all athletes;*
- *All nations (national federations) are welcome to participate.*

The winner of the tender is monobob produced by Sauber F1 team. Mission is to bring bob sport to the next level by providing high performance, cost effective, industrialized, safe and exciting product to the Para-Sport and YOG

What is required for a sliding sport athlete

- *Courage is needed;*
- *Self discipline, to remember - everything consists of details;*
- *Maximum concentration;*
- *Cope with a speeds up to 150 km/h;*
- *Experience gravity forces up to 5G;*
- *Adrenalin – as reward😊*

The Federation Internationale de Bobsleigh et de Tobogganing (FIBT) founded on 1923

The governing body of Para-Bobsleigh and Para-Skeleton

*Eugenio Monti "Fair Play birth" in Innsbruck
Olympic Winter Games, 1964*
