Public Performance

EFPM public performance was mainly concentrated on Flash News (Katarina Raczova as responsible editor) and webpage, which is now running very well, offering actual news, reports about several activities and Fair Play initiatives in Europe. A vivid communication platform like this is substantially based on the content of reports and especially on activities, initiatives, support and cooperation offered by the members.

www.fairplayeur.com face and identity of EFPM!

Big thanks to Baiba Veisa and Katarina Raczova, you are steadily taking care of update.

Headquarter

Since July 2013 the EFPM headquarter is seated at the office of our Austrian member organization, ASKOE:

European Fair Play Movement
c/o ASKOE Bundesorganisation
Maria Jacobi Gasse 1
Media Quarter Marx 3.2.
A – 1030 Vienna, Austria

ASKÖ is continuously supporting the EFPM, the obligations and activities of the President, especially for the relevant fulfillment of the position. Nevertheless, for a more active role within the European Sports Community the EFPM needs to establish an office run by professional stuff. This means funding subsidy and financial support. No way left than to continue the struggle for money, the consultation with governmental and nongovernmental entities.

EFPM Cooperation

The long term relationship with International/European organisations have been intensified with common fair play activities set up within championships and by consultations with relevant representatives. The EFPM has attended several events represented by its respective members.

We also continue our bilateral relation and cooperation with the EOC, EUSA, CIPF, CSIT, ENGSO, EPAS, Panathlon International, AIPS Europe etc.
Via initiatives of EC-Members EFPM is in consultation with UEFA, European JiuJitsu Union, International Fistball Association, Catholic International Federation of Physical Education

EFPM Affiliation

We cordially welcome:

National Fair Play Committee of San Marino as 42 corporate member,
Panathlon International, MoU signed in Florence July 2018,
International Dance Organization, MoU signed in Haifa, October 2017.

We gladly look forward to intensive cooperation in matters of Fair Play.

The EFPM is working very hard to reactivate the relations with some “sleeping” members and on the other hand to endorse affiliation of new members, especially NOC’s and European and International Sports Federations

European Fair Play Awards

The GA in 2015 unanimously confirmed the modifications of the Award Regulation.

Based on that and after consultation within the board the EFPM Award Jury finally announced the Award Winners for 2018:

The European Fair Play Plaque of Merit, under the patronage of the EOC, go to
Panathlon Wallonie-Bruxelles and
Mr. Tala Gray (Rugby).

The Award Ceremony will happen during the Gala-evening in Brussels.

European Fair Play Congresses

The 23rd European Fair Play Congress in Haifa, October 2017, has been a significant step in the congress history. For the first time a new format with more interactive moments was presented by the local organizers and the scientific advisors.

Excellent keynotes and short papers, discussion groups and poster presentation and, last but not least, a physical activity part created a big success of this outstanding conference.

Top professional organization, great hospitality and generosity of our Israeli friends make these days in Haifa unforgettable.

The 24th EFP Congress in Brussels this year has got outstanding recognition by the patronage of the Belgium Royalty.

The open minded and constructive cooperation of European Committee of the Regions, the Belgium Interfederal Olympic Committee, Sport and Citizenship, Panathlon Wallonie Bruxelles, Panathlon Belgium and EFPM seems to be a basis for the congress success that we are hopefully looking for.

In 2019 the EFPM is existing for 25 years, a remarkable moment to be celebrated. The EC cordially invites all the members to present ideas, initiatives and applications concerning the 25th EFPM Anniversary.

Conclusion

The Executive Committee is working on the main issues, matters and aims to strengthen the Fair Play principles in the world of sports.

Enthusiasm, a common spirit and the daily work of each of the EC members keep EFPM running in the right direction.

With the full support of our members the ethical values of sports, the idea of fair play and its principles will preserve the fascination of sports.

Last but not least, I want to express my gratitude for the outstanding ambition and initiatives of my colleagues in the EC.

Your contributions make this organization run in the best possible way.

Thank you very much!

Let us take care of sports and

Play Fair

Christian Hinterberger
