Slovakia hosted the U22 Women's European Softball Championships in July this year. The host of this important event was Trnava. In light of softball again becoming a part of the Olympics at the 2020 games in Tokyo, the interest in the event was enormous. A record number of 17 teams participated, this being quite an increase from the previous record of 8 teams. Italy proved to be the strongest team and took home the Gold Medal just like they

did at the first edition of this tournament in 2008. During the closing ceremony, Gold, Silver and Bronze Medals were not the only awards having been handed over. The Fair Play Award of the SOC Fair Play Club under the patronage of the European Fair Play Movement was handed over to the team of Israel. Throughout the entire tournament, the Israeli team demonstrated an honest and friendly attitude and respect towards opponents and referees alike, thus spreading the basic principles of Fair Play. The award was presented by Katarína Ráčzova, Executive Member of the EFPM and Chair of the SOC Fair Play Club in the presence of G. Waage, President of the European Softball Federation, and R. June 20 and 21, 2018, the International Children and Youth's Olympiad, dubbed Kalokagatia and organized always in the year of the "real" Olympic Games took place already for 14th time in Trnava (SVK). Sports competitions usually prevail in the schedule of this event, however in the spirit of Kalokagatia competitions also covered the cultural and artistic area, just as in the previous years. One of the base pillars of the event is the fact that from the very beginning it was understood as a process of permanent promotion of the fair play principles. In

this spirit, the announcement of the School Fair Play Prize has been part of the Kalokagatia Programme since 1994. A competition for the title Fair Play Team was announced as well. Teams receive a fair play captain's armband as an expression of the fact that the team is bidding for the title Fair Play Team. So-called Fair Play Card was also introduced.

This year's event included a particular honour for the devoted organisers led by Anton Javorka, founder of the Kalokagatia. The international Children and Youth's Olympiad was honoured with the **EFPM 'Spirit of Fair Play' Award**. The Trophy was handed over by Katarina Raczova, EFPM executive committee member, to Anton Javorka and Andrea Ristová, chairperson of the organizing committee.

After the 2018 Russia World Cup final, FIFA announced the Spanish National Team had earned the Fair Play prize of the tournament. Overall, Spain were fouled 59 times and committed just 32 fouls across their four games. In four games they received only two yellow cards.

The fair play winner is selected by the FIFA Technical Study Group. The award was first established in 1970. Each player is set to receive a medal for this award with 50,000 US dollars worth of football equipment to be gifted by FIFA to the grassroots game in Spain.
