16 March 2022, Budapest

Dear President,

Dear Secretary General,

Dear Friends of Fair Play,

These are difficult times, with bad news almost every day. The past period has highlighted the need for human values and the spirit of Fair Play. It is in this context that I am taking the initiative to draw your attention to the importance of our future, of our children and of the need to take care of our world. Last year, on the occasion of the World Fair Play Day, the International Fair Play Committee planted the first **Fair Play Tree** in Budapest on 7 September. This Tree symbolizes faith in the future, protection of our environment and Fair Play values.

We would like to invite your organizations to join us this year and celebrate World Fair Play Day on 7 September with a worldwide collective local tree planting. Let's join together to commemorate this day in as many places as possible and send a common message to the world:

"We think about our future".

I would appreciate if you could let me know if you would like to join the action.

I wish you good health, peace and love.
