Vision and Strategy

Statutes

The Executive Committee worked on the modification of several articles, items of our statutes. A draft of the statutes have to be discussed at the General Assembly.

Public Performance

EFPM public performance was mainly concentrated on Flash News (Katarina Raczova as responsible editor) and webpage offering actual news, reports about several activities and Fair Play initiatives in Europe. A vivid communication platform like this is substantially based on the content of reports and especially on activities, initiatives, support and cooperation offered by the members.

EFPM is also on facebook now with promising reaction, recommendation and post-ings. Big thanks to Baiba Veisa and Katarina Raczova, you are steadily taking care of up-date.

EFPM Cooperation

The long term relationship with International/European organisations have been intensified with common fair play activities set up within championships and by consultations with relevant representatives.

The EFPM has attended several events represented by it's respective members.

We also continue our bilateral relation and cooperation with all associated members, like EOC, EPC, EUSA, CIFP, CSIT, ENGSO, EPAS, Panathlon International, EFC, JJEU, etc.

EFPM Affiliation

We cordially welcome:

JuJitsu European Union (JJEU) and
European Softball Federation as associated members

We gladly look forward to intensive cooperation in matters of Fair Play.

The EFPM is working very hard to reactivate the relations with some “sleeping” members and on the other hand to endorse affiliation of new members, especially NOC`s and European and International Sports Federations

declaration of humanity, fascinating film exhibition, excellent presentations and interactive discussion groups created a big success of this outstanding conference.

Top professional organization, great hospitality and generosity of our Belgian friends make these days in Brussels unforgettable.

In 2019 the EFPM is existing for 25 years, but the EFPM did not receive any official application for the organization of this remarkable moment. Finally, we found a solution with our friends of CIFP, so the 25th European Fair Play Congress will be organized in cooperation and we will also celebrate our 25th Anniversary and the Award Ceremony 2019 in Budapest.

Conclusion

The Executive Committee is working on the main issues, matters and aims to strengthen the Fair Play principles in the world of sports.

Enthusiasm and a common spirit, cooperation in daily work and individual initiatives keep the EFPM running.

With the full support of our members the ethical values of sports, the idea of fair play and its principles will preserve the fascination of sports.

Last but not least, I want to express my gratitude for the outstanding ambition and initiatives of my colleagues in the EC.

Your contributions make this organization run in the best possible way.

Finally, I have to remind you of the next years elections and I invite all corporate members to present candidates for the Executive Committee.

“The show must go on”

Thank you very much!

Let us take care of sports and
