

SAN MARINO National Report 2019

REALIZATION OF THE NATIONAL SAN MARINO FAIR PLAY COMMITTEE - CNSFP

The CNSFP is strongly committed to spreading the universal concept of Fair Play in all its forms, inspired by the ethical and founding values of Sport, together with the various National Fair Play Committees scattered throughout the world and part of International Organizations such as: European Fair Play Movement and International Fair Play Committee. The year 2018 ended with many initiatives and activities implemented by the CNSFP Board of Directors that we would like to remember: - The anniversary of the birth of Baron Pierre De Coubertin on the occasion of the 155th birthday of the founding father of the modern Olympic Movement. - The CNSFP Membership and Membership Campaign. - Educational and training campaigns to educate about Sport and Life through in-depth studies and reflections on the mass media. - The General Assembly of Members. - Accession to the International Day of Development and Peace through Sport established by the IOC and the UN. - The presence at important cycling competitions held in San Marino by presenting the Fair Play Charter, the International Sport Decalogue. - The National Fair Play Campaign addressed to all the San Marino Sports Federations. - At the invitation of the Italian National Fair Play Committee, we were present at the Fair Play Day event and Put the ball and Run in Rome in the CONI Honor Hall. - Participation in the 24th Congress and General Assembly of EFPM National Fair Play Committees held in Brussels Belgium. - A constant presence of communication on our Facebook page. - The organization of the most important and significant event promoted by our Committee "Second edition of World Fair Play Day" at the Sala Poilvalente of Serravalle. Sport in general has many faces, it can give pleasure, offer emotions, serve as an exercise, it is as varied as life itself and the ideal of Fair Play forms the basis of every sporting activity accessible to all and underlines its special educational value. Fair Play is for everyone, every person involved in sport is responsible for honesty in sports and since it is practiced in all countries and cultures, fair play must be understood and practiced by everyone. In the awareness and necessity that it is necessary to promote an ethical culture that knows how to look at sport as a school of life and not just as a competitive arena. It is on this basis, on these assumptions that the constant action of the CNSFP will continue in its mission.

San Marino, 25.08.2019

Gian Battista Silvagni

President of CNSFP
