

September 2021

My dear friends and colleagues,

it's time to say Good Bye.

After almost 30 years with EFPM, from the founding up to now, I finally decided not to continue as EFPM President.

I cordially thank you for your support and contribution to run the presidency of EFPM since 2012. Your kindness and friendship encouraged me day by day. It was a real pleasure and a great luck to cooperate with you to forward the ethical values and Fair Play principles in sport. I always felt you on my side and your ambition also contributed to the successful development of EFPM in the past.

The list of candidates of the electoral General Assembly shows outstanding and experienced personalities for President and Executive Committee.

I am convinced that the new elected board members will do their utmost to continue a successful work and lead EFPM into a bright future.

I kindly invite you all to offer your full support to the new President and Executive Committee members.

It was really great to work with you, stay together, celebrate lucky moments and have a lot of fun.

Thank you so much!

Take care of you and EFPM

With warm regards
